124 Filipino families celebrate Christmas in new homes at the Manulife Muntinlupa Gawad Kalinga Village

Muntinlupa, Philippines – This Christmas, 124 Filipino families will enjoy a more joyful celebration in the comfort of homes they can finally call their own, following the turnover of houses at the Manulife Muntinlupa Gawad Kalinga Village, which was completed in September.

The village is a project of Manulife, the city government of Muntinlupa, and non-government and non-profit organization Gawad Kalinga (GK). Started in 2010, it aims to build comfortable homes in a safe community for some of the city's underprivileged residents, many of whom work as janitors, drivers, or street cleaners. According to a 2015 study by the Philippine Statistics Authority, around 12 million Filipinos are living in extreme poverty, many of whom reside in unsafe living conditions.

Many beneficiaries of the Manulife Muntinlupa GK Village used to live in shanties located in danger zones, such as creeks that rise and destroy homes and property during storms. "Ngayon, maginhawa na kami at panatag ang kalooban dahil naninirahan na kami sa isang ligtas na lugar, malayo sa peligro, tahimik at mapayapa. (Now, we are more comfortable and have peace of mind, because we live in a safe community, away from danger)," said Edna Balista who lives with her pedicab driver and construction worker husband, as well as their 26-year-old son and grandchild.

Part of the new community is the two-floor Child and Youth Development (CYD) Center. It serves as a daycare and a social hall for various youth and community programs. It gives the community's youth a place to learn outside of school and when their parents are at work. It also keeps them away from the dangers of the streets.

"Many Filipinos dream of having a home and giving their children a safe space where they can learn and grow as good citizens," said Ryan Charland, Manulife Philippines President and Chief Executive Officer. "As we mark the completion of Manulife's 110th year in the Philippines, we feel fulfillment in having helped 124 families achieve their dreams and aspirations. We hope that this milestone will inspire them to dream even bigger."

"Manulife is a proud partner of the Muntinlupa City government and GK as they share in our vision of empowering people to fulfill their dreams," added Amelia Villamor, Manulife Business Processing Services (MBPS) Vice President and Manila Site Head.

The Manulife Muntinlupa GK Village is located at Soldiers' Hills, Brgy. Putatan. It is a result of the collaboration among Manulife, GK, and the local government. Manulife, consisting of Manulife Philippines and MBPS, provided the funds to construct the buildings. Gawad Kalinga managed the project and facilitated the construction, while the local government provided the land and identified the beneficiaries.

End

COMMUNITY COMPLETE! Ryan Charland, President and CEO of Manulife Philippines (5th from left); Amelia Villamor, VP and Manila Site Head of Manulife Business Processing Services (9th from left); and Melissa Henson, SVP and Chief Marketing Officer of Manulife Philippines (10th from left) joined Hon.
