Manulife's newest addition to its suite of funds, gives you the opportunity to boost your wealth faster and make **every day better**.

Diversify your assets with high quality securities traded in global markets with **Global Preferred Securities Income Fund**.

## Why Global Preferred Securities Income Fund?

Diversify your investments and get exposure to a wider selection of companies globally from industries like Banking, Insurance, Financial Services, Power and Electric, REITs and Communications.

Enjoy peace of mind as this fund is bundled with a life insurance protection for you and your family's security.

Apart from life insurance, enjoy long-term financial growth and a stream of income payouts that you may use for your long-term goals or retirement needs.

## How To Invest?

Get access to this fund when you purchase any of the following life insurance plans:

**Manulife Affluence Max Gold**  
**Manulife Affluence Max Elite**  
(limited offer)

For 500K, you can earn and save more while enjoying life protection coverage.

## What is VUL?

Variable Universal Life (VUL) is an insurance plan that combines two strong benefits - life protection and investment.

Whether it's saving up or spending for essentials, a VUL or an insurance plan linked to **Global Preferred Securities Income Fund** can complement your needs perfectly!

Ask your **Manulife** Insurance Advisor for a *full presentation*.
